REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance. This office action is in response to amendment filed on 08/12/05. Application is allowed based on provided amendment, applicant's arguments and additional search by the examiner.

The prior art made of record in the attached form PTO-892 considered to be pertinent to the submitted application. However, none of the prior art teaches or suggests the claimed sequence of signals in combination with:

- An excitation controller for controlling ac excitation frequency of an ac excitation supplied to an exciter field winding of a stator of said machine, as a function of rotor speed, thereby increasing a position detection range of the position sensing apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rita Leykin whose telephone number is (571)272-2066. The examiner can normally be reached on Monday-Friday 8:00-4:30.
